Distinguished Speaker

Mr. Chris Behre

OUSW(R&E), Director, Scaled Directed Energy (SCADE) /
Joint DE Test, Integration, and Manufacturing (JDETIM)

Mr. Behre has worked in the Directed Energy Field for over 25 years. His career at Naval Surface Warfare Center, Dahlgren Division covers efforts in laser lethality, beam control systems, prototype development, and portfolio management where he has transitioned over a dozen laser weapon prototypes to Navy and Marine Corp Warfighters. He is currently detailed to the Office of the Secretary of War for Critical Technologies where he has established and is the Director of the Scaled Directed Energy Integration and Manufacturing (SCADE IM). He has a Bachelor of Science in Electronic Engineering from Old Dominion University and Master of Science in Systems Engineering with a concentration in Directed Energy, from the Naval Postgraduate School.
