Distinguished Speaker

Colonel Scott Humr, Ph.D.

Joint Interagency Task Force 401,
Science and Technology Chief

Colonel Humr is a Commandant's Doctor of Philosophy Program-Technical Analyst. He earned his Ph.D. in Information Sciences in 2023, specializing in human decision-making and artificial intelligence. Following his doctoral studies, Colonel Humr completed a DARPA Service Chief's Fellowship in early 2024. He then transitioned to the role of Director of the Marine Corps's Intelligent Robotics and Autonomous Systems Office, where he served until October 2025.

Colonel Humr began his career in the Marine Corps in 1998 as an enlisted combat engineer before earning his commission in 2006 through the Marine Corps Enlisted Commissioning Education Program. His roles have included serving as the Information Systems and Management Officer for I MEF, the Graduate Education Manager at MMOA branch and the Deputy Director of Logistics for Task Force 51/5th MEB in Bahrain.

He also holds a Master of Science in Information Technology Management from the Naval Postgraduate School and a Master of Military Studies from the Marine Corps Command and Staff College.
