

SYSTEMS SYPOSIUM 2026

November 16-20, 2026 Monterey, California

Distinguished Speaker

CAPT Thomas E. Pilkerton

PAE Munitions, PMX 311

Major Program Manager, Terminal Defense Systems

CAPT Thomas E. Pilkerton received his commission via the NROTC program in 2005. He is a graduate of the Rochester Institute of Technology (B.S. Physics, 2005) and the Naval Postgraduate School (M.S. Applied Physics 2016). As a submariner, he completed tours aboard the USS ALEXANDRIA (SSN 757) and at the Nuclear Prototype Training Unit. In 2012, he completed a lateral transfer to the Engineering Duty Officer (EDO) community. As an EDO, CAPT Pilkerton completed tours at SPAWAR Systems Center Atlantic, Naval Surface Warfare Center Dahlgren, Program Executive Office Integrated Warfare Systems and the Missile Defense Agency. He also served as the Combat Systems Officer aboard the USS GERALD R FORD (CVN 78).

He resides in Fredericksburg, VA with his wife, Caroline and two sons, Jacob and Logan.
